### ELITE

Mandatory obstacles may be marked for Elite competitors. They can complete the obstacle as a fast line (one attempt) or as a slow line (multiple attempts). They have more attempts, but they must always give priority to newly running competitors. If the obstacle is "mandatory" and the competitor does not pass it, they can continue, but they will be listed as DNF on the results sheet. If the obstacle is not mandatory, they can also choose HDC and continue the race.

### FAST / SLOW

Some obstacles can be overcome as a fast line - that is, a more demanding but faster route or as a Slow line - an easier route, but more time-consuming. Fast line = one attempt; Slow line = more attempts. Elite waves are not allowed to help each other.
